

Name: \_\_\_\_\_

Directions: After reading *Daniel Finds a Poem* by Micha Archer, imagine this:

Daniel is on his way to your house. He's going to ask you about poetry; just like he asked the animals in the story. Get ready for his visit by writing and illustrating your definition of poetry on the right side of the notebook. Use the left side of the notebook to help you brainstorm ideas before writing.

What do I see?

How does it feel?

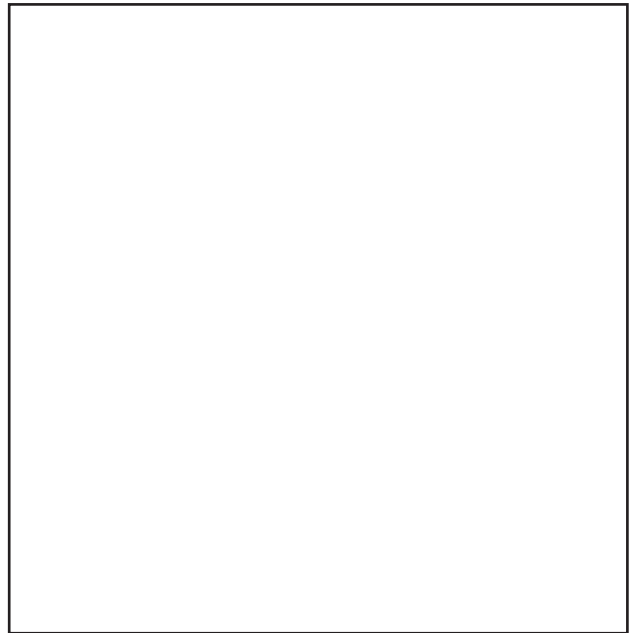

What sound can it make?
